Puppy Pickup

The day has finally arrived! Time to pickup your Puppy!

All final payments are due in cash when you pick up your puppy. We do not accept checks of any kind, no personal, cashier's checks or money orders. There is a 4% additional convenience fee added to the balance if paying with anything other than cash, this includes final payments through paypal.

We have a full written contract that does include the purchase price, sales tax (included in the purchase price) and the total, so you will have a written receipt.

Your puppy will be eating Eukanuba puppy food, based on your puppy's size we will send you home with large, medium, or small breed puppy food. Please do not purchase your food ahead of time as we won't decide what each puppy is on until they go home. We will send a gallon size bag of food home with you. Your puppy should stay on this dog food for the first month home. Changing his food while he is stressed from the move may cause a bad case of the diarrhea. You are welcome to switch food at any point after your puppy has been home for 30 days if you wish. Please remember to transition him slowly and to feed a puppy food with the first ingredient being meat on the ingredient list.

We schedule three families at a time every 30 minutes, so please try to arrive on time. Please park on the cement pad in front of our home so we can see you are here.

Unfortunately, we do not offer a public restroom. There are several restaurants and gas stations with restrooms on all the exits for your convenience.

Puppy pick-up days are extremely busy for my family and me. I usually do not have time to answer my phone and such, so please try to remember to print off your directions ahead of time so you have them ready to go.

You are welcome to hold your puppy on the way home, you will want to bring a towel in case he gets sick (although we try to feed early so their tummies are empty). You may bring a crate if you prefer him to ride in that instead.

For those of you from out of town that need a hotel, Baldwin WI is 10 minutes from our home and there is a very nice hotel with a pool & hot tub called The Cobblestone 715-684-5888 and there is another one called Baymont 715-502-3416

There is also a very inexpensive (you get what you pay for... LOL) Motel called The Woodville Motel next to the free-way, 5 minutes from our home in Woodville WI.

Thank you and Blessings to you all.

Antonia
